

Key Laboratory of Mathematical Economics and Quantitative Finance (Peking Univesity), Ministry of Education (LMEQF)

## Eighth PKU-NUS Annual International Conference on Quantitative Finance and Economics

18 – 19 May 2024

NUS Suzhou Research Institute Suzhou, China

The 8th PKU-NUS Annual International Conference on Quantitative Finance and Economics (18 – 19 May 2024, Suzhou, China) will be jointly organized by:

- 1. Risk Management Institute, National University of Singapore,
- 2. HSBC Business School, Peking University,
- 3. Key Laboratory of Mathematical Economics and Quantitative Finance, Peking University.

This international conference aims to provide a platform for researchers and practitioners from academia and industry to enhance their quantitative finance techniques, explore the latest investment strategies and manage the fundamental regulatory changes in the financial sector.

## Programme

The scientific programme will follow the format of an academic conference. It will solicit original, unpublished contributions in all aspects of quantitative finance and economics to be reviewed and selected by an international panel of experts. Concurrent sessions will be devoted to the dissemination of scientific findings. Suggested topics of interest include, but are not limited to:

- Actuarial Science
- Algorithmic trading
- Computational finance
- Financial modelling
- Governance
- Liquidity and credit risk
- Portfolio selection
- FinTech
- Macroeconomics
- Mathematical economics
- Mean field game theory
- Microeconomics
- Monetary economics

The scientific program will also feature plenary talks by renowned researchers.

## **Paper Submission**

Submissions and registrations may be made via the conference <u>website</u>. The submission deadline is 15 March 2024. The authors will be notified of the review committee's decision by 22 March 2024. There are no registration fees for the conference.
